

BREAKING NEWS Two Huge Aviation THREATS

You'll learn how to prepare for challenging circumstances. Dedicated to C.J. Strawn SMO pilot & CFII.

Designed to help make and keep you a safer pilot

Through scenario-based training, this seminar discusses common misperceptions that can lead to deadly decisions. Through analysis of recent local stall and mid-air collision accidents,

Directions: First driveway going south past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking, BUT, only park "head in."

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
